Code Orders

Presenter: Carol Bucknavage

Organization: Manager of Eastern Connecticut Health Network, Manchester, Connecticut

Abstract: Code Status orders can be very difficult in an electronic world due to the varying details. In collaboration with our hospitalist service, we developed five code status orders that will cover all circumstances for an inpatient med surg population.

Carol Bucknavage is the Clinical Applications Manager of Eastern Connecticut Health Network based in Manchester, CT. She is an RN with a clinical background in OR and PACU nursing and OR management. She has a bachelor's degree in Business and has been working in IT for eight years. She is currently the primary resource for PWM, POM, PCI and OE.
