Setting Up Co-Signatures for Departmental Reports

Presenter: Coral Miller

Organization: Olympic Medical Center, Port Angeles, Washington

Abstract: A review of how to set up E-Sign trailers with functional co-signatures.

Coral Miller has worked as an Application Analyst in IT for 10 years at Olympic Medical Center. In that time she has supported MEDITECH systems, administrative, and clinical modules. She been project lead and primary support for several MEDITECH module implementations, CWS, MM, OR, MPM, EPS, and PWM. She is currently responsible for the MEDITECH clinical applications and PCM phase II optimization.
