## **MAGIC 5.63 and TAR Implementation**

Presenter: Christina Reynolds

Organization: Bozeman Deaconess Hospital, Bozeman, Montana

Abstract: Come listen to the frustrations and successes of implementing TAR at a MAGIC facility of 84 beds. Items to be covered: scanner issues, DTS's necessary for implementation, end user training, post-op bedside collection systems and how to make it all work!

*Christina J Reynolds, RNC has been an inpatient medical/surgical nurse for 11+ years and working in nursing informatics for the past two years at Bozeman Deaconess Hospital. She helped to build and implement NUR/EMAR/BMV.*
