### **Murray-Calloway County Payroll / Personnel CS 5.5 SR 21**

Presenter: Regina Davison

Organization: Murray-Calloway County Hospital, Murray, Kentucky

Abstract: This illustration provides information regarding our use of the Payroll/Personnel module for processing payroll for two facilities. The session will provide a handout of miscellaneous custom reports used throughout our facility. Information is also provided on the use of external vendors for both applicant processing and for benefit administration.

*Regina Davison is now the Director of Information Systems at Murray-Calloway County Hospital. Prior to becoming Director, she was the Financial Systems Specialist responsible for supporting modules such as Payroll, GL, AP, MM and BAR. Regina was first employed at the hospital as a Programmer Analyst 15 years ago and was heavily involved in the conversion process for their MEDITECH go-live in Oct. 2002.*
